### CURRENT SITUATION

*(Recent updates are posted at the top of Current Situation)*

The city of riverside fire department responded to a report of a residential structure fire in a mobile home in the 3800 block of Buchanan. The first arriving engine reported a double wide mobile home fully involved in fire with exposures on both sides of the structure. Crews deployed attack lines to protect the exposed structures, while another crew made an aggressive interior attack on the structure. Crews on the interior were hampered by pack rat like conditions in the home. The fire was knocked down in about 25 minutes. There were no civilian or firefighters, and the cause of the fire is undetermined. One other mobile home and a vehicle were damaged by the radiant heat of the fire. Fire crews remained on scene for over 4 hours overhauling the structure.
